

**Dear Community:**

June 30, 2015 ended my service as Commissioner for The Southeast Community Facility Commission. I will be receiving a Proclamation from the Commission for my 4.5 years of service to District 10 (Bayview Hunters Point).

I would like to thank Mayor Gavin Newsom who appointed me in 2010 to serve my community. I am a native of Bayview Hunters Point.

I attended all schools in the Bayview by choice until I went to High School and graduated from Lowell High School. My family owned several homes and businesses in Bayview and we attended church in the neighborhood.

I have lived here on the West Coast (including Southern California) and The East Coast. I moved back to San Francisco, CA after graduating from George Washington University. Today I still give back in DC and currently sit on the Tourism Alumni Board at The University.

I have opened my Business in The Bayview by Choice and have been able to hire consultants to work on projects that are true and dear to LeBlanc And Associates, LLC. both locally and nationally.

This Proclamation is the one dearest to my heart because as a Commissioner I worked long hours for my community and was able to sign Memorandum of Understanding (MOU's) to improve the process of how business should be done in our community. I am not sure where God's plan is for me, but one thing I do know is that I am a solider for my community.

Today, I am asking that you attend the next Commission meeting not because of my recognition but to get involved in the community where you are invested in. You don't have to be a native of Bayview Hunters Point but you have to stand for Social and Environmental Justice, Economic Development, Advanced Education, Fair Housing, Small Businesses and Senior Housing,

It is never to late to get involved and stay informed. Today, is not the day to reminisce on the past but a day of accountability. Get on The SECF mailing list and **stay engage.**

**Please mark your calendars:**
